M722 — M824

M722 Lead.

Roll 37

Piece of lead 8 cm long, bent in ~~a~~ U shape. about 1cm deep. Twisted in middle.

Cursium, Palace.
Just west of west wall of room west of large.
22 October '49, SF no.9
Fales, NB IX. p.51

M723 Gold.

Roll 37

A thin sheet of gold about .7cm wide in a circle 2.3cm in diameter. On one side, front a gold wire along the edge, on the other side back side wire only on upper half. On upper half a small ~~top~~ loop about .6cm in diameter. This ~~about~~ about .3cm in width. The edges are higher than the middle portion. On the top, the edges have been worn away presumably by the string which held this ornament, pendant. On the front was placed a thin gold leaf with a human figure riding

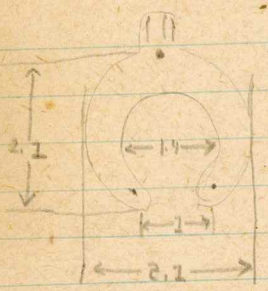
P.T.O.

a bull like animal. The figure holds in her right hand a branch with leaves. Presumably the inside was filled with some substance and the back closed up.

Curium. Palace
Cellar under flagstones
East half.
15 March 1949, SF. no. 5
Fales. NB III. p. 63

M724 Gold.

Roll 37



Horse shoe shaped gold object. The back is flat. The front has its sides slightly beveled down so that they slope down and inward. There are three small spherical gold objects on the end of either side and one below the circular attachment on top. The circular attachment on top is .6cm in diameter and has two groves It is .3cm wide. Cumum Palace, Cellar under flagstones. 19 March '49, SF no. 2 Fales. NB III . p. 84

M 725 Gold.

Small thin piece of gold leaf.

Roll 37

Cumum, Palace
Cistern East of Room W about
midway in height of entrance.
23 March 1949, SF. no. 7
Fales, NB III, p. 99.

M726 Gold

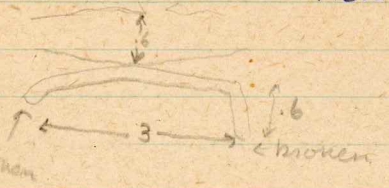
Gold bead ~~1.cm x .8cm~~ 1cm long, .8cm in diameter. Hole at each end .3cm in diameter. reinforced by fine wire. Barrel shaped. A hole in one side.

Cumum, Palace.
South mosaic room fourth layer.
23 November '49, SF no. 8
Fales. NB X p. 97.

M727 Bronze

Roll 38

Piece of bronze



Cusium, Palace
Room N west side between
Plaster, North and South.
11 Nov. '48. SF no. 3
Fales, NB I, p. 115.

M728 P.

Piece of metal small.

Coll 38

Curium, Theater.
Southdromos, soil where are
no flag stones upper part.
8 March '50, SF. no. 2
Fales, NB XI, p. 25

M729

nail - line object. possibly coin with another object attached

Roll 38

Cursum, Palace
In cellar under Room 10
second layer.
2 April '49, SF. no. 426
Fales. NB III. p. 142.

M 730.
