E. Rack x/1939 p. 144

H. 0.045
diam. est. 0.13

C 1(2.)

One side preserved; three jned frags.
Light tan clay, fired brittle,
poor black glaze inside and out, save
under-side of base.
Ring foot of medium height; low
curving wall; sharply in-turned rim.

SOUTH RACK TOP

P 1109 Small R. G. Bowl "Altar Two" SW 2 NW 1
E. Rack x/1939 p. 144

H. 0.051
dian. est. at rim 0.15,
at base est. 0.08

Fine buff clay, evenly fired,
but soft; bright orange glaze inside Ph. VII, 16 (below)
and out (badly worn within).

Slight ring-base, set off from wall
by wide groove; wall curves up and
slightly outward; rim flares out.

Three joined sherds, preserving part
of one side and of base.
