

Caroline:

Here are the rest of the P.N. 1939 films for cataloguing,
with guide sheets which I think will do the trick.

Can you add separator labels to cover some of the new *(have done)*
categories?

Can you add the final no. (or groups of them) on the sheets,
opposite their field Nos. ?

N.B. These were not catalogued because not printed - they still
haven't been.

A note with the prints I have indicates that you catalogued
from similar sheets (up to field 310, your No. 37920, my final
number 501) ~~then~~ using "guide sheets". The latter ought to
be in my Photo Cat. Note Book, but aren't. You probably kept them
pending finishing the job - I'd like them back if they turn up.
