A COMBINAÇÃO IDEAL

KODAK e FILM KODAK

A Kodak é o aparelho photographico mais simples de operar e tambem o mais perfeito.

O Film Kodak é completo. Sua emulsão combina todas as virtudes em perfeito equilibrio: latitude, rapidez, conservação e qualidade orthochromatica.

As Kodaks veem da maior fabrica do mundo e o film Kodak é fabricado no laboratorio mais perfeito que existe.

Exija sempre o film Kodak, da caixa amarella, pois é «tropical» e empacotado especialmente para o Brasil.

Não ha substituto em qualidade
